This isometric view shows the assembled cart. The top surface is a flat rectangular panel. Below it, two drawers are pulled out, revealing their internal structure and the arrows indicating their sliding direction. The cart has a sturdy metal frame with four legs, each equipped with a castor wheel. A horizontal bar is attached to the front of the frame, and a vertical bar is attached to the side. The drawers have a simple, clean design with a small handle on the front. The overall appearance is functional and modern.
