ASSEMBLY INSTRUCTIONS

STEP 1 :

The diagram illustrates the first step of assembly, which involves constructing the main frame. The main components are labeled 1, 2L, 2R, and 5. Four circular callouts provide detailed views of the corner joints:

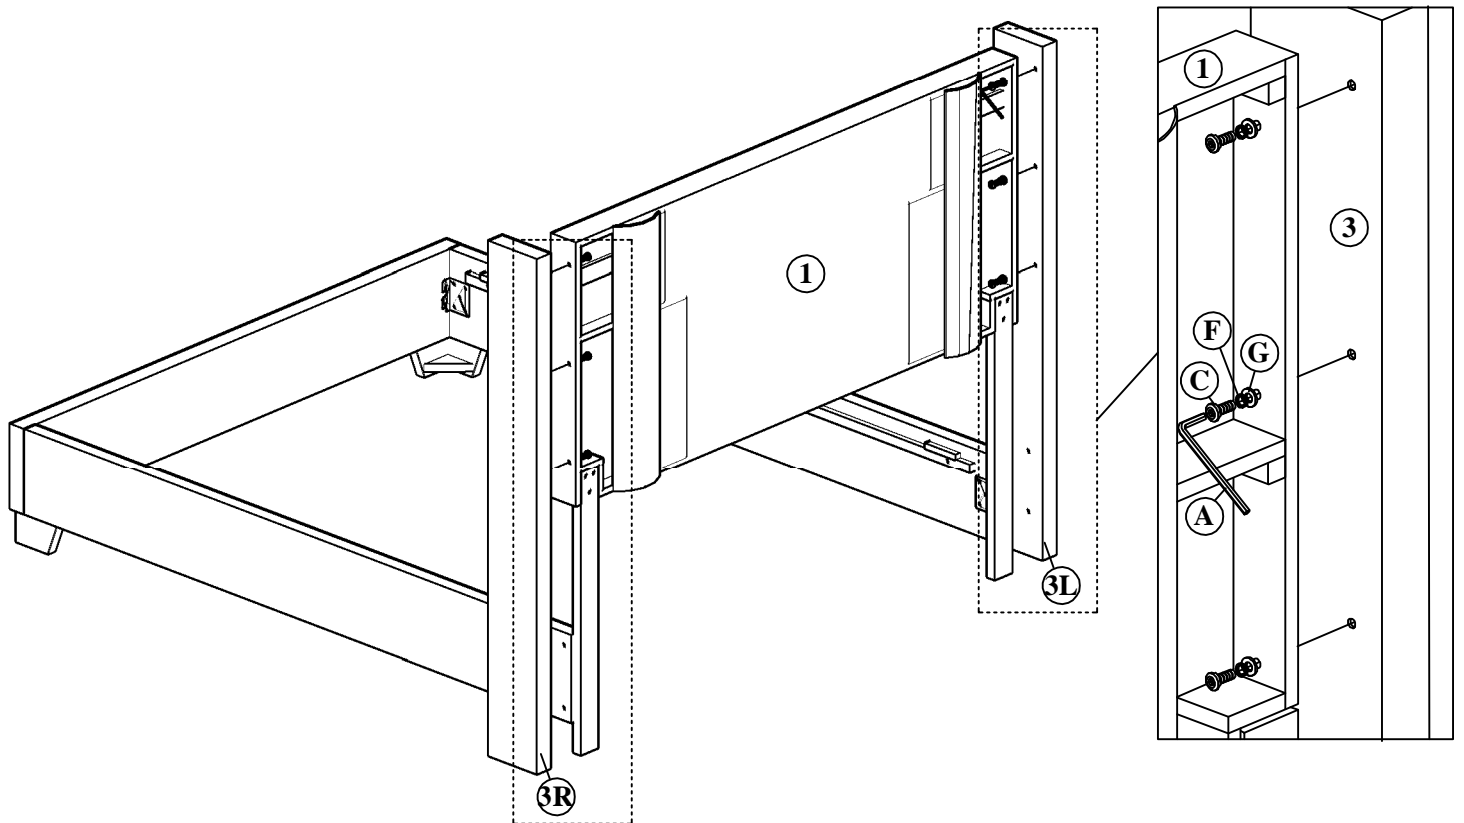

- Callout 1:** Shows the assembly of a corner joint using parts A, C, F, and G.
- Callout 2:** Shows the assembly of a corner joint using parts 5, 8, and E.
- Callout 3:** Shows the assembly of a corner joint using parts 8 and A.
- Callout 4:** Shows the assembly of a corner joint using parts 8 and A.

STEP 2:

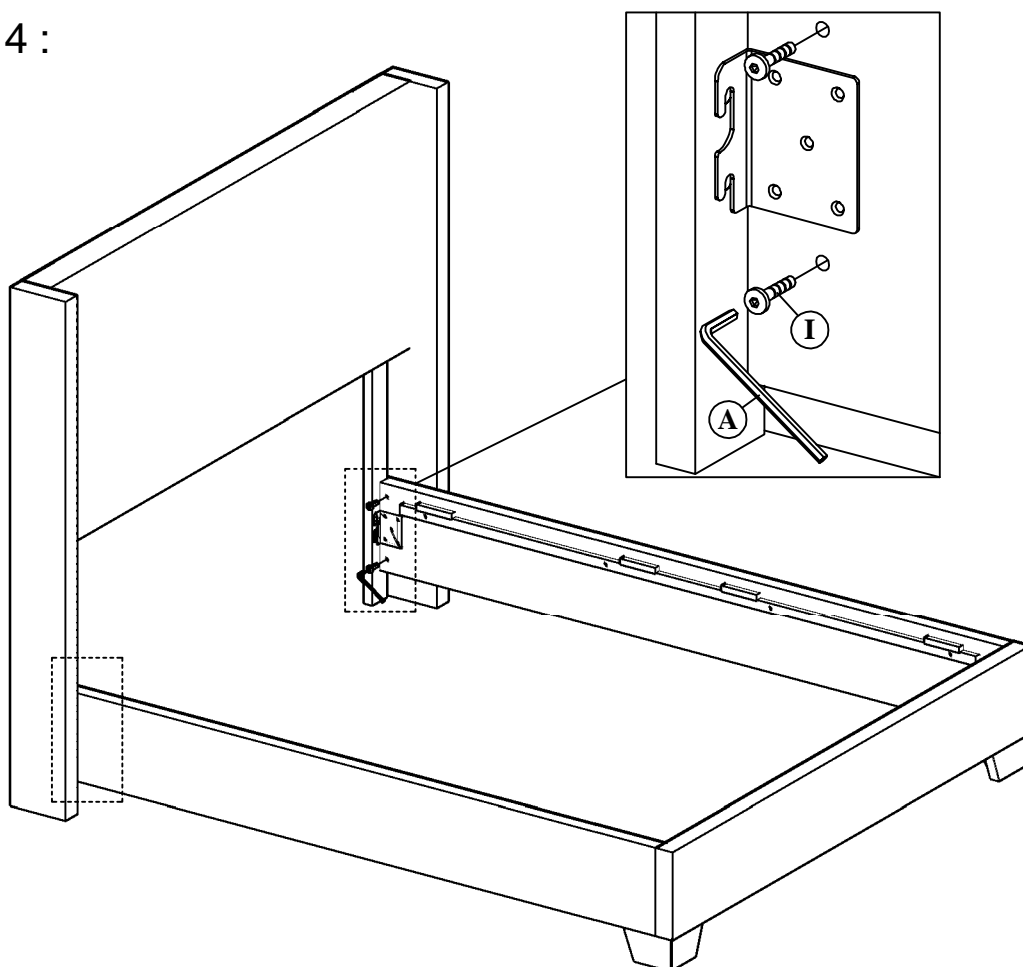

The diagram illustrates the second step of assembly: attaching the headboard (1) to the bed frame. The headboard is shown being aligned with the head of the frame, which consists of a side rail (4L) and a footboard (5). A detailed inset shows the connection mechanism: a bracket (4) is attached to the headboard's support rail (2&5) using two screws. A hex key (B) is used to tighten a bolt that secures the bracket to the side rail (4R). The main diagram uses dashed lines to indicate the alignment and connection points between the headboard, side rail, and footboard.
