

TUSK LIGHT SOAP DISH - NICKEL

This one-of-a-kind natural horn soap dish was developed in collaboration with a workshop in northern Italy that works exclusively with this complex and beautiful material. Each carefully selected piece is transformed with proprietary techniques and meticulous polishing to highlight unique shapes, colorations and patterns. The finished pieces are hand-fitted on sleek nickel-plated brass bases to ensure stability. For this collection, we've selected horn in a naturally light color way with colors ranging from ivory to caramel. Made in Italy.
