## Twinkly Line – Adhesive + Magnetic LED Light Strip, 5 ft, 16 Million Colors (Starter Kit)

Twinkly Line – App-controlled Adhesive + Magnetic LED Light Strip with RGB (16 million colors) LEDs. Starter Kit. Extendable. 5 feet, White wire. Indoor smart home decoration light.

Twinkly Line is a smart LED strip that can be controlled via app and vocal assistants. With a total length of 5 feet (extendable to 10 feet), an adhesive & magnetic back, and a premium all-white look, Twinkly Line will look great whether hidden behind a cabinet unit or installed in plain sight, bringing new levels of lighting design and creativity in your connected home. Like all Twinkly products, Line can be mapped and every single LED can be controlled individually, allowing you to create and reproduce unique effects, gradients, and color animations – Line becomes your screen. Easily configurable via Wi-Fi and Bluetooth®, Twinkly Line is controlled using the free Twinkly App, available for iOS and Android. Twinkly's App enables you to create bespoke light design installations thanks to a wide range of pre-made effects and animations, as well as the ability to create your own effects from scratch using the FX Wizard creation tool. Twinkly Line can be grouped together with other Twinkly devices to create larger, synchronized light installations. Twinkly Line can be controlled seamlessly with vocal assistants such as Hey Google and Amazon Alexa, as well as with Apple HomeKit, Homey, and Razer Chroma™ RGB via Twinkly Chroma Connector and OMEN Light Studio on OMEN Gaming Hub to enhance your gaming experience with stunning light effects that react to your gameplay. Suitable for indoor use only, rated IP20. Extendable to up to 10 feet with a Twinkly Line Extension.

### Highlights

- Multicolor RGB LEDs – 16 million colors
- App-controlled 5 feet adhesive + magnetic light strip
- Twinkly App free for iOS and Android on mobile and tablet
- Instant Wi-Fi and Bluetooth® connection
- Dozens of ready-to-play customizable effects, or create your own
- Can be grouped with other Twinkly devices
- Works with Twinkly Music to react to the music played in your environment
- Works with Hey Google and Amazon Alexa
- Works with Apple HomeKit
- Supports Homey
- Integrates with Razer Chroma™ RGB via Twinkly Chroma Connector
- Integrates with OMEN Light Studio on OMEN Gaming Hub
- Smart controller, power adapter, plug (type A) and mounting clips included
- Indoor use – IP 20

## Features

**APP-CONTROLLED LIGHTS.** Use the free Twinkly app (for iOS and Android) to fully manage Twinkly Line. Choose, create and design effects, apply a timer, and switch your lights on and off.

**EASY SETUP.** Using Bluetooth and Wi-Fi you can quickly set up your Twinkly Line and start playing with it in seconds.

**PREMIUM HOME DECORATIVE LIGHT.** Made with premium components, high-quality back adhesive, and an array of small magnets for metallic surfaces, Twinkly Line features a classy all-white look that will fit any environment of your home.

**FOLLOWS THE MUSIC BEAT.** Using the optional Twinkly Music USB microphone, Twinkly Line can reproduce effects in sync with any music played in your environment.

**STUNNING SCENERY INSTALLATIONS.** Unleash your creativity grouping multiple Twinkly devices together using the Twinkly app, with no physical connection required.

**OTHER FEATURES.** Smart controller, power adapter and plug type A (America) included. Fully-featured control panel with dimmer, timer and brightness. Works with Hey Google and Amazon Alexa. Works with Apple HomeKit. Compatible with Homey. Integrates with Razer Chroma™ RGB and OMEN Light Studio.

## Long description

Twinkly Line is a smart LED strip that can be controlled via app and vocal assistants. With a total length of 5 feet (extendable to 10 feet), an adhesive & magnetic back, and its premium all-white look, Twinkly Line will look great whether hidden behind a cabinet unit or installed in plain sight, bringing new levels of lighting design and creativity in your connected home.

Like all Twinkly products, every single LED of Line can be controlled individually, allowing you to create and reproduce unique effects, gradients, and color animations. Twinkly's patented mapping tool uses your smartphone camera to locate the precise position of each LED in the space, however they are laid out. This powerful and innovative process lets you control your Line like a screen: you can play professional, pixel-perfect effects and animations right on your decoration.

Twinkly's App enables you to create bespoke light design installations thanks to a wide range of pre-made effects and animations, as well as the ability to create your own effects from scratch using the FX Wizard creation tool. All effects are completely customizable: brightness, speed, intensity, and color can all be modified with a single tap. A color picker helps you choose the perfect shade from more than 16 million options. An ON/OFF timer and general dimmer complete your control panel, providing you with unlimited possibilities to create the perfect lighting decoration. Line can be grouped together with other Twinkly devices to create larger, synchronized light installations.

Twinkly Line can be used in combination with Twinkly Music, a small USB device (sold separately) capable of identifying and interpreting any source of music reproduced in your environment, enabling your lights to follow the beat for a WOW-effect audiovisual experience.

Twinkly Line can be controlled seamlessly with vocal assistants such as Hey Google and Amazon Alexa, as well as with Apple HomeKit, Homey, and Razer Chroma™ RGB via Twinkly Chroma Connector and OMEN Light Studio on OMEN Gaming Hub to enhance your gaming experience with stunning light effects that react to your gameplay.

Getting started with your Line is super easy: a quick and intuitive setup process helps you configure your device in a matter of seconds via Bluetooth® and Wi-Fi.

Twinkly Line is IP20 certified, suitable for indoor use only.

Twinkly Line can be extended to a total length of 10 feet with a Twinkly Line Extension kit, sold separately.
