Step 1

Take the panel of table top out of the box and make sure to use a carpet for installation to avoid scratches.

Step 2

To install the part B on the plate of the part A.

Please note that the side below has the larger screw hole to match the hole position between the part B and A.

For the hole position, please leave an appropriate gap between the part A and A1.

Step 2

Note

The screws on the A1 do not need to be installed first.

The screws on the part B are installed as shown in page 5.

Step 3

Please put together the 4 legs in an "X" shape according to the number then turn it over to the reverse side and prepare to install part E with screws.

Step 4

To connect the part E to D

Please note that the screws here are not the same size as the screws of the part A or A1.

If you find the part C and D are unstable after installation, please stand the table legs on a flat bottom surface as shown and press downward.

Step 5

To connect the part C and D to the table top.

Check the gap between the part A and A1 and keep them even.

Step 6

Please adjust the foot plug if the table is unstable after installing the whole table.

Warranty
