

## Frame Console Sink

#900 | 23 5/8" x 18 7/8" x 3 1/2"

The FRAME Console Sink is both modern and practical. The sink combines a solid surface top with a metal frame and a very handy wooden drawer. Perfect for the clean, contemporary look.

Cheviot solid surface sinks are crafted using the latest generation of composite resin materials to achieve a strong and elegant profile. Warm to the touch and inherently harder and stronger than acrylic, solid surface sinks are also impervious to creaking and flexing. Polished by hand to a glossy sheen, the material is stain resistant and easy to clean and maintain.
