

Ovente Stainless Steel Electric Kettle with Touch Screen Control Panel, 1.7L (KS58 Series)

Key Features

NOT YOUR REGULAR ELECTRIC KETTLE – This BPA-free electric kettle has gone hi-tech. It operates on 1100W (120V) of power, and it boils a full 1.7L pot of water in 7 minutes or less. Plus, it is equipped with a touchscreen panel where you can change and modify all the settings.

HOT WATER FOR EVERY BREW – Extract the richest taste and full flavors from every coffee bean and tealeaf into your morning cup! With this electric kettle, you get the hot water with temperature that's right for your beverage using the 5 preset settings (140, 158, 176, 194, 212 °F). What's more, the LED lights on the bottom of the kettle illuminates the kettle's glass in 5 different colors according to each preset.

KEEP IT WARM FOR SERVING – Keep a pot of boiling water on standby for up to 2 hours! The electric kettle features a Keep Warm setting: Once the water drops to 185 °F, the electric kettle will reboil the water and keep it in 212 °F.

EXTRA SAFE – This electric kettle features an auto shut-off and boil-dry protection: The kettle shuts off on its own when the pot has reached its boiling temperature and then turns off the heating element when there is no water in the kettle.

LIMITED 2-YEAR WARRANTY – All Ovente kettles have a two- (2) year warranty period from the date of purchase from an authorized retailer. This warranty only covers defects in workmanship and materials. Please note that you have to provide proof of purchase to request for repair or replacement.
