! Attention

1. Operating environment: Indoor, 0-40° .
2. Before using the product, please carefully check to make sure that the product has been fully and correctly installed. Only use the accessories provided by the manufacturer when installing the product. Please leave enough safety clearance when placing the product to avoid the risk of pinching. Please regularly check if the screws are loose and tighten them.
3. Before using the product for the first time, please be familiar with all the functions of the product.
4. Children are not allowed to play on this product. Certain unpredictable behaviors may result from children playing on the product, and the manufacturer will not be responsible for any resulting accidents.
5. Please ensure that children aged 14 and below, as well as individuals with physical sensory or mental impairments, use this product under proper supervision and guidance. Children should not have unrestricted access to play with it.
6. Children should not perform cleaning and user maintenance without supervision.
7. Ensure that your operating environment is free of any potential hazards, such as not littering tools. Always handle packaging materials with caution to avoid various potential dangers, such as the choking hazard posed by children playing with plastic bags.
8. Slight noises from the multi-belt or brake system caused by the structure will not affect the use of the equipment.
9. The use of corrosive or abrasive materials for cleaning equipment is prohibited. Make sure that the cleaning agents used will not contaminate the environment.
10. When moving the product, ensure that there are no items placed on the table, the drawers and doors are closed securely, screws are tightened, and the power plug is unplugged. Use at least 2 people for moving. If necessary, keep the original packaging for future transportation.
11. When storing for a long time, unplug the power cord and clean out any loose objects. Store it in a cool and dry place.
12. When the product is scrapped, it should be disposed of in accordance with the environmental regulations used in each country, and not treated as regular household garbage. Keep these small accessories away from children.

Waste disposal

This marking indicates that this product should not be disposed with other household wastes. To prevent possible harm to the environment or human health from uncontrolled waste disposal, recycle it responsibly to promote the sustainable reuse of material resources. To return your used device, please use the return and collection systems or contact the retailer where the product was purchased. They can take this product for environmental safe recycling.
