As this item contains many parts, please read the installation instruction carefully before installation. Please use tools properly and carefully.If you have any questions regarding the product or installation, please contact us. Our professional after-sales team will respond within 24 hours online

Before You Start

Outdoor TV Lift Cabinet Installation Guide

Before You Begin

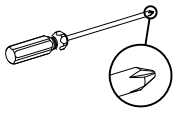

Recommended Crew: 1-2 people

Preparation:

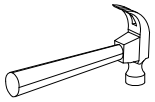

Read all instructions in sequence before starting.

Inventory Check: Separate and count all parts to ensure nothing is missing.

Workspace: Clear a spacious, level area for assembly.

Required Tools:

Power Drill

Phillips Screwdriver

Hammer

Power Tool Tip:

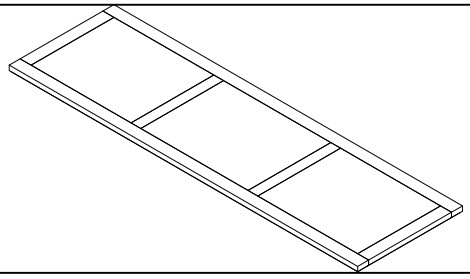

When using a power drill/screwdriver, reduce speed near the end and stop immediately once the screw is tight. Over-tightening may strip the screw.

Tip: An electric screwdriver speeds up assembly but requires extra caution.

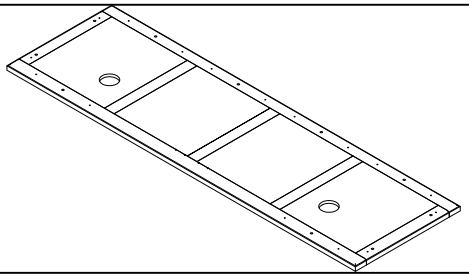

Critical Safety Notes:

When tilting or repositioning the outdoor TV lift cabinet, always lift with two people to prevent damage to the frame.
