

Solid wood dove-tail drawers.

Matching mirrors.

Inset side panels.

Adjustable levelers.

Beaded inset panels.

Matching distressed wood hardware.

Now with an expanded number of components to allow for a wide variety of free-standing and wall-to-wall configurations.

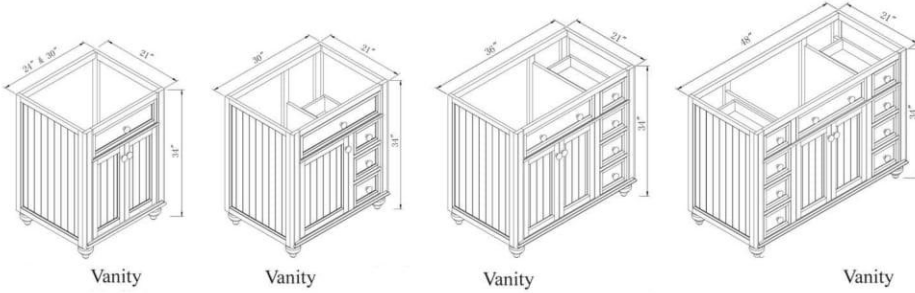

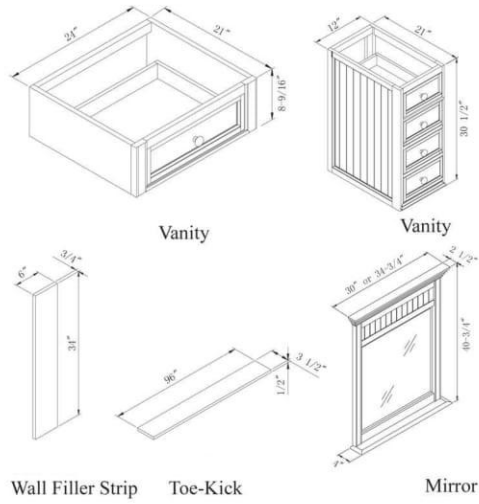

The collection features casual coastal styling and a relaxed attitude.

The cabinets feature turned furniture style feet and grooved door and side panels. A white painted finish and light distressing highlight the design elements and make this collection a long term favorite.

The collection also features modular components so that a wide variety of free-standing and wall-to-wall configuration can be created.

Features Include:

- \* Decorative "Bead-Board" Styling
- \* Multiple cabinet widths for versatility
- \* Turned feet with adjustable levelers
- \* Hand rubbed, multiple-step finish assures both beauty and durability
- \* Ample storage behind decorative drawer fronts and paneled doors

Sand castles, collecting sea shells and long walks on empty beaches...these are the images brought to mind with the vanities and accessory pieces.

Touching lightly on Victorian design elements, the cabinets celebrate the history and appeal of the furnishings of our childhood and will complement the interiors of homes today. Light distressing and a variety of finish effects allow these cabinets to seamlessly accent your home and remind you -if ever so briefly-of pleasant conversations, warm breezes, and lingering sunsets.
