Unhatched 3

D2818S56346-4748

Unhatched is a six-piece series of scientific illustrations on textured paper that reference the style of F.O. Morris's 19th century work. In Unhatched 3, a singular bird egg is beautifully centered against an antique white background. Beneath hemlock speckling, vanilla and stone compose the body while grays and browns offer a sense of depth and dimension. Part of the carefully curated ART by TA Collection, Unhatched 3 is an exquisite work of art on textured paper.
