1. Take out all lamp fittings and wear gloves.
2. Connect the lamp body with square branches as shown.
3. Install the hanging board to the ceiling, and then reserve electricity for the main line of the lamp body and the ceiling. Connect the wires, install the ceiling tray and fix it with flower branches.
4. Install the crystal on the lamp body as shown, and install it from bottom to top.
5. Install the glass on the lamp body.
