Installation Steps

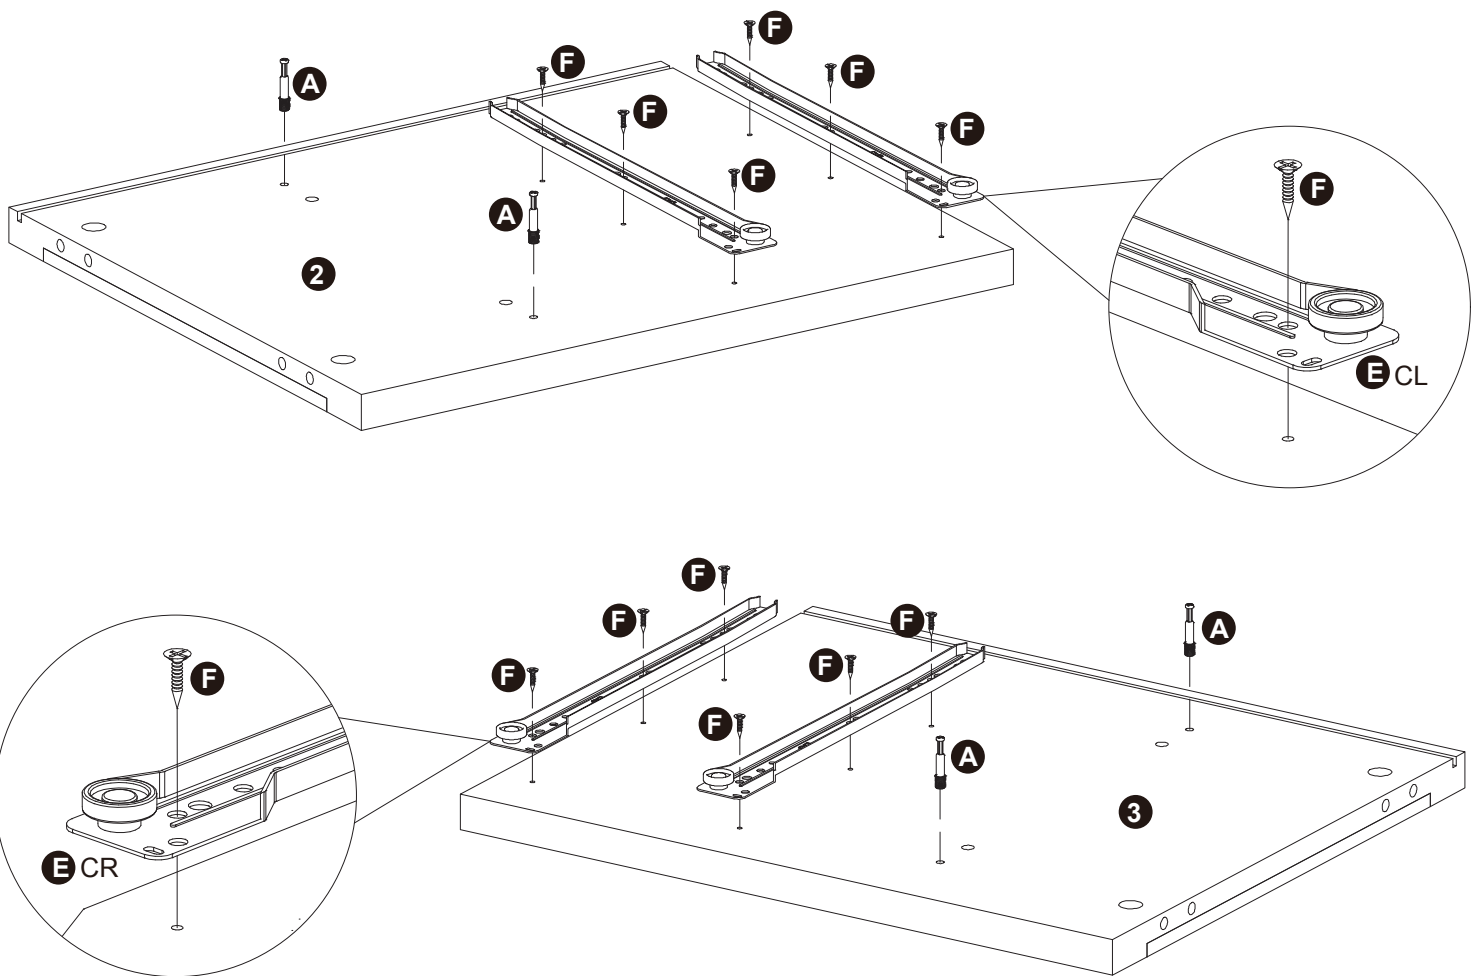

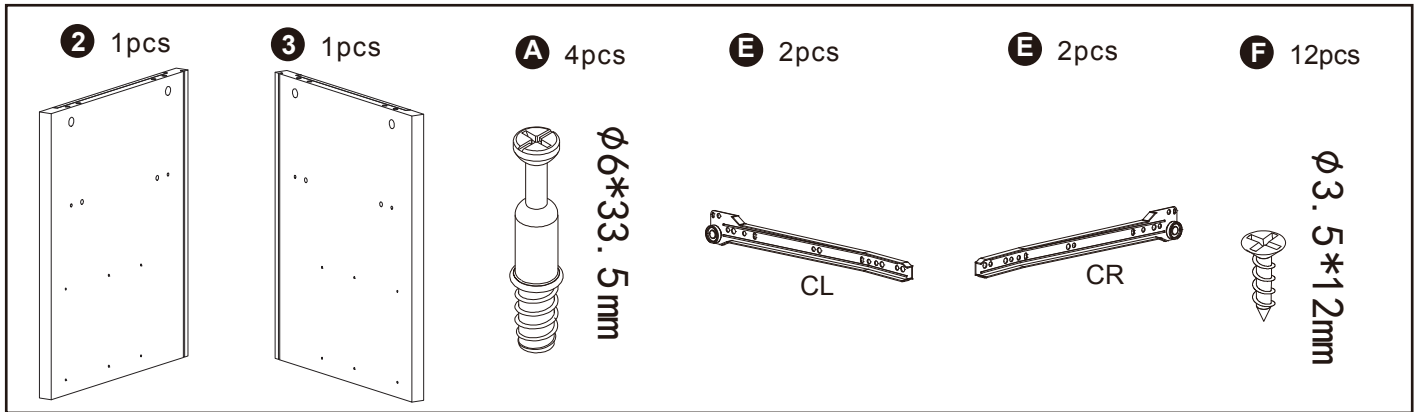

Checking

Before starting the installation process, please check that all parts are present and undamaged.

Ensure that the parts and quantities in the package correspond with the Part List. If there are any mistakes or missing parts, kindly contact us through the purchase platform for assistance.

Assembly

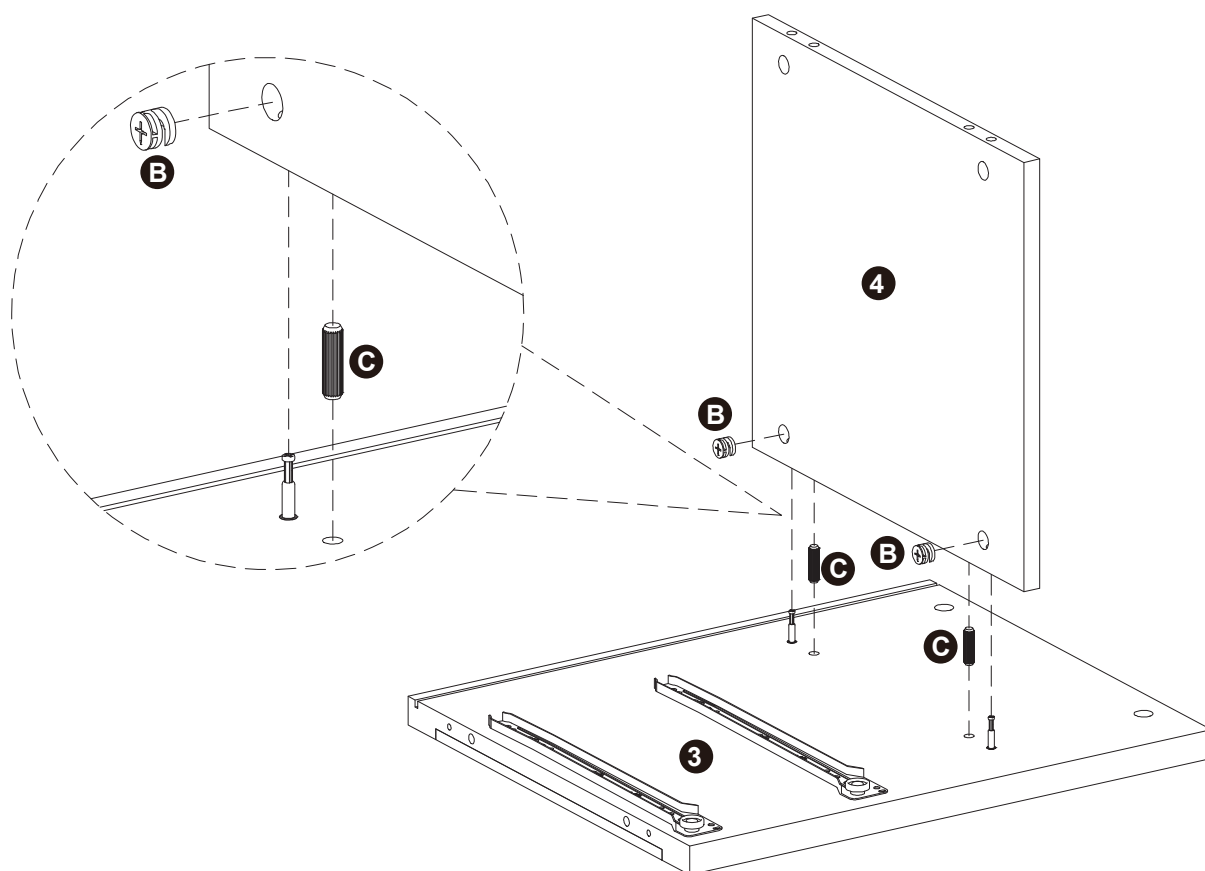

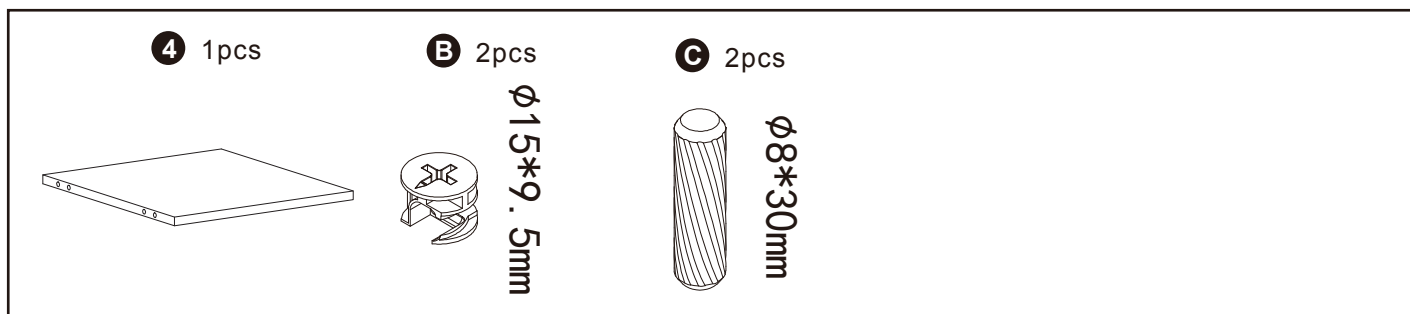

STEP1

When installing the rail screws, you can distinguish the orientation by referencing the diagram. The direction of parts 2 and 3 can be identified by the slots on the back. Ensure the screws are aligned with the indicated positions.
