WARNING:

1

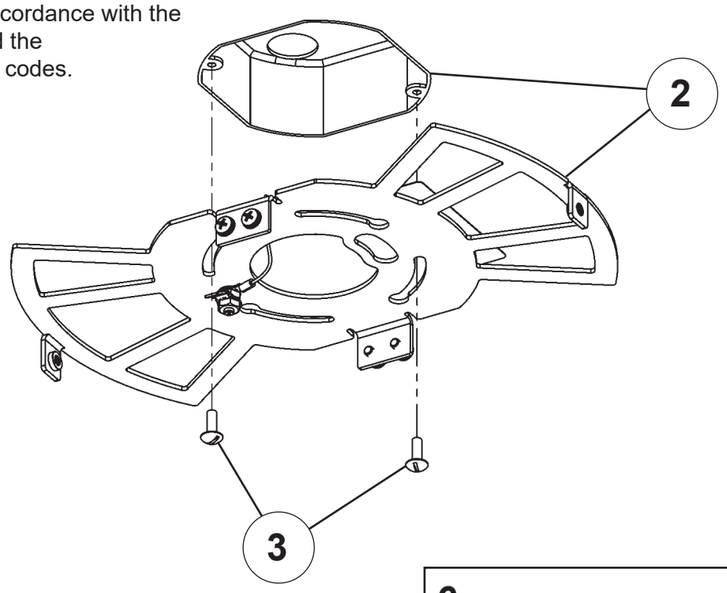

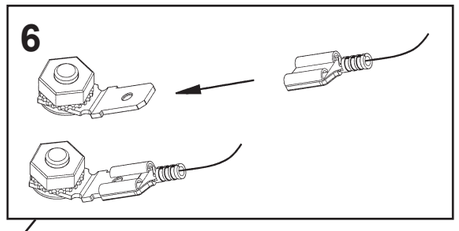

Electrical Danger

Turn Power Off

All electrical components must be installed by a licensed electrician in accordance with the National Electric Code and the appropriate local electrical codes.

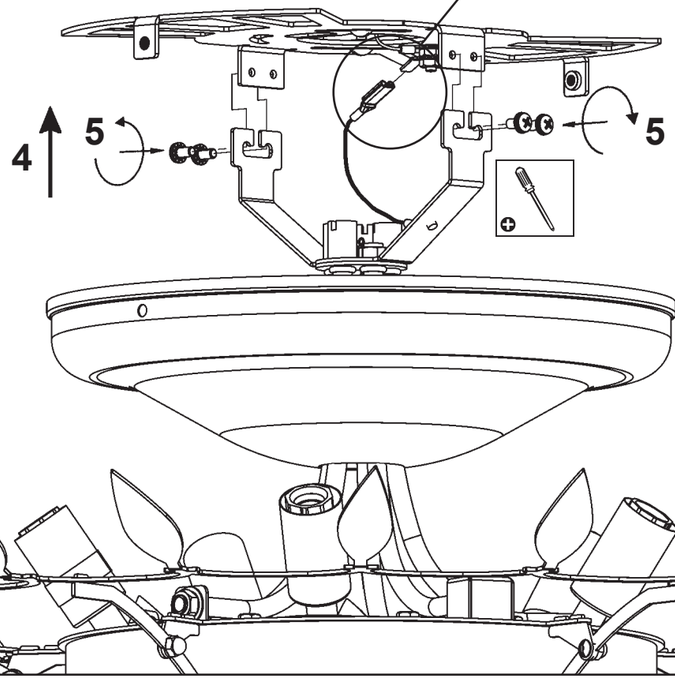

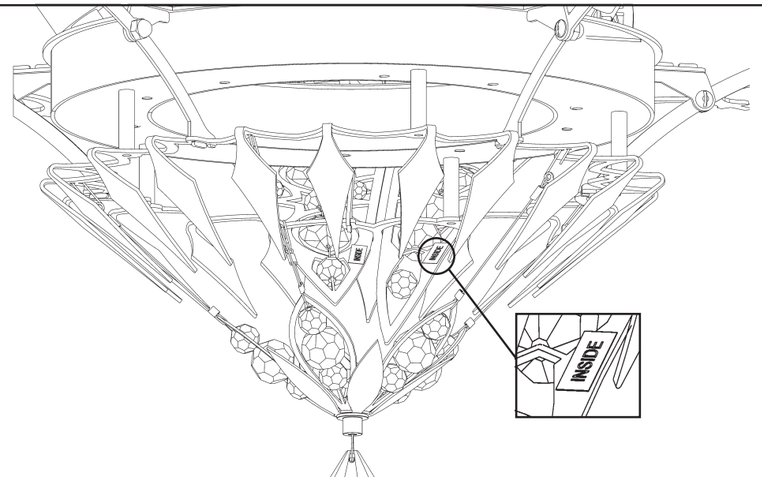

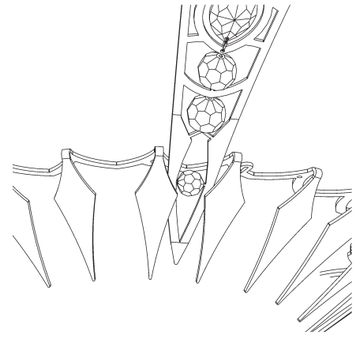

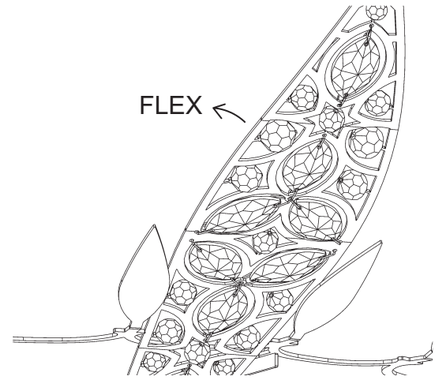

FIGURE 2

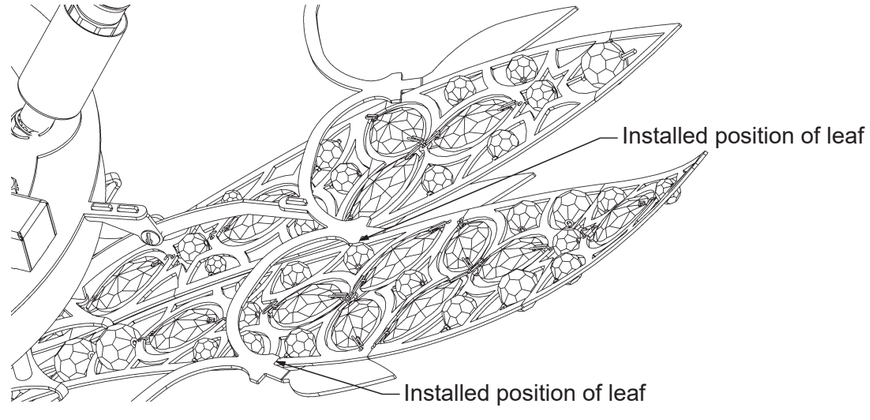

Each leaf has a label indicating the "INSIDE" of the leaf. The label will be found at the bottom of the leaf. This label is important for proper orientation on the frame. After installation, remove labels, if desired.

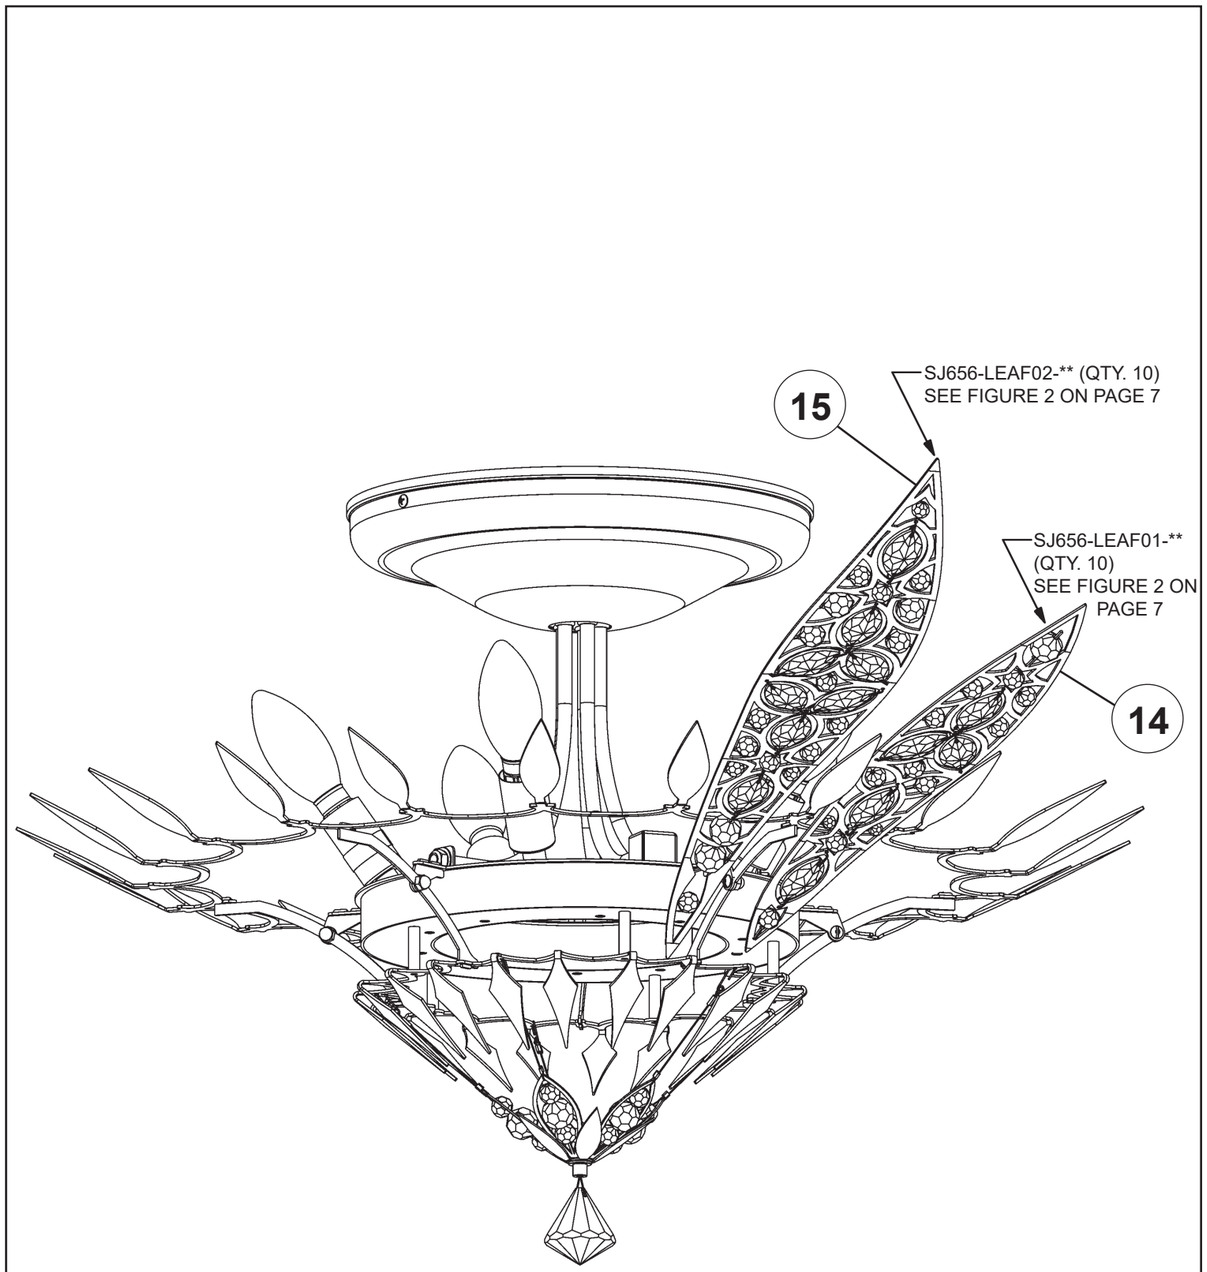

NOTE: Install one **LARGE** leaf at the tagged location. First, align bottom of leaf behind spears on lower gallery.

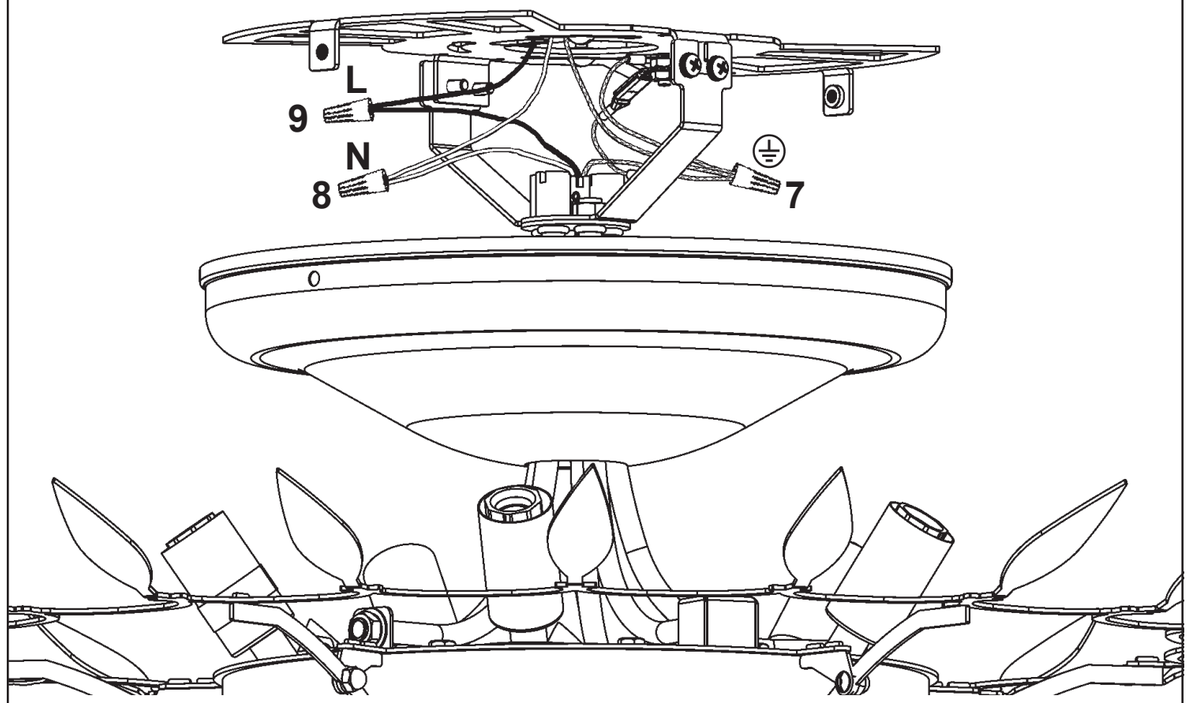

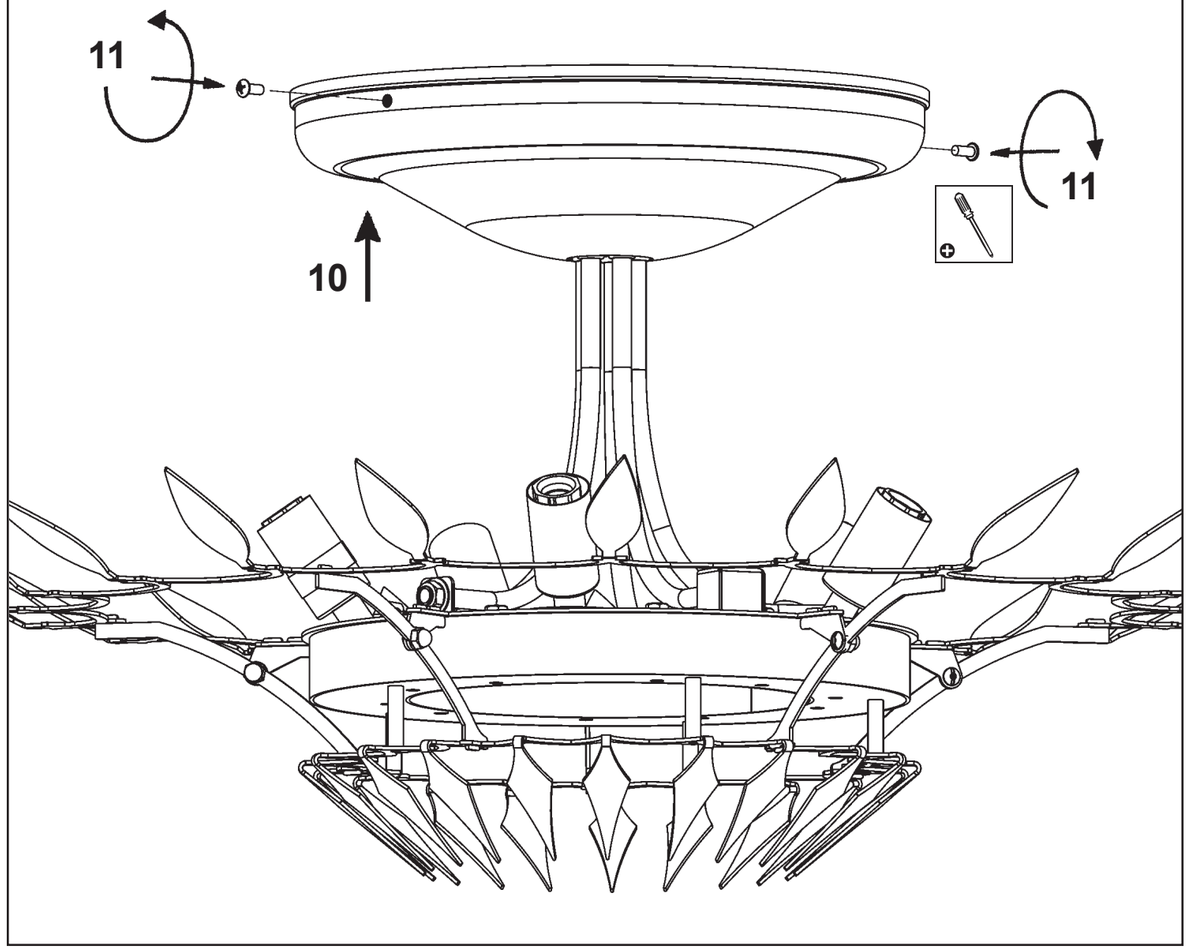

Then, place wide end of leaf just behind tabs, as shown. Next, gently flex leaf and slide leaf down into slots on upper gallery.

Repeat steps to install remaining leaves, alternating small and large leaves around fixture.
