Installation steps

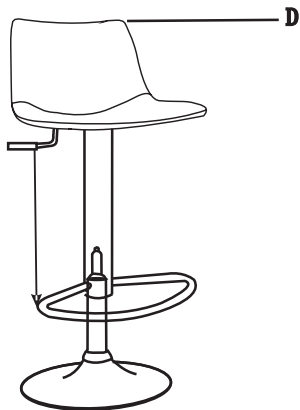

①

②

③

Note: Adjust the height by pressing the handle.

④

1.

Q: How to take off the protective cover on the gas lift?

A: The protective cover is difficult to remove due to transportation squeeze, thus please try harder to take off the cover. If it doesn't work, you can use a knife to cut it down, but please be careful and prevent hurting yourself and the inner part.

2.

Q: After the installation, I found that the height of the chair cannot be raised and lowered, why?

A: This situation may be caused by the damage of part B, please make sure the installation steps are correct. If the problem still exists, please contact with customer service.
