

# COVER OVERVIEW 2022

*Protect your furniture*

Cane-line outdoor furniture is weather-proof, but changing weather and falling leaves leave their marks. By using protective covers, you can save time on cleaning. Covers keep your furniture look sharp and prolong their lifetime. Cane-line covers are made from a strong, solution-dyed polyester fabric, which protect the furniture during the Winter, though not against frost. Covering furniture for the Winter makes Spring cleaning easier and prolongs the life of the furniture. It is advisable to check covers after heavy falls of rain / snow and remove any water that has collected to ensure that the furniture remains properly covered. Please note, that condensation can form under the furniture cover, which can cause mould and mildew. Therefore, make sure to lift the cover away from the furniture frame to ensure proper air circulation and minimise condensation.

MAKE SURE NOT TO COVER WET FURNITURE. DRY BEFORE COVERING
