Semi-Flush Mount Instruction

Safety Warning

Please turn off power at breaker panel before installation.

Installation Steps

- **Step 1: Attach the Mounting Bracket**

Attach the circular mounting bracket to the ceiling junction box using the provided screws. Ensure it's securely fastened.

- **Step 2: Wire Connections**

Make the proper electrical connections. Connect black wire (hot) to black, white wire (neutral) to white, and green wire (ground) to ground/bare copper wire.

- **Step 3: Secure the Fixture Base**

Align the fixture base with the mounting bracket and rotate to secure it to the ceiling. Turn in the direction indicated by the arrow until tight.

- **Step 4: Install the Bulb**

Install the light bulb by screwing it clockwise into the socket.

- **Step 5: Attach the Glass Shade**

Attach the glass shade by lifting it up to the fixture base and turning in the direction indicated by the arrow until secure.

- **Step 6: Final Check**

Verify all connections are tight and the fixture is properly secured to the ceiling.

Final Check

Once installation is complete, restore power at the breaker panel and test the light fixture.
