## GENERAL COMMENTS/ OBSERVATIONS/ APPROVALS

09.02.26

We've received the cosy sherpa stripe.

I like the depth of colour in the stripe but could you go slightly less red?

We can use this sample for photography.

Technical/Quality Comments:

## Measurements

- All within tolerance of spec, please maintain going forward.

Make Up

- The stripes on the pillowcases are not matching across (see photo.) Patterns across pillowcase pairs within a duvet set should be matching/lined up. Please could you advise.

- Ensure end hems are kept as straight as possible. There was some unevenness along the front end hem (see photo.)

- Take care to keep buttonholes neat and all thread ends cut clean. There were some untidy buttonhole and button attachment threads.

The background is a blurred outdoor setting with green foliage.</p> <p>3. The third image shows a person standing in a field, similar to the first image, but the person is wearing a different shirt. 61801 COSY SHERPA STRIPE Duvet Set - Natural

Gold Seals & bulk fabric for the above have been **approved** with tech comments as below:

**Colourat** – Colour depth in stripe is slightly less red, as requested.

Hard Foot – approved

**Measurements** - Length was ~2cm. This is within tolerance but ensure it stays no further under spec.

**Make Up** - There were some red buttonhole make-up points still visible. Take care to keep end seam of pillowcase as straight as possible, one corner looked slightly uneven. Pillowcase stripes were matched up as required - thank you. Please maintain in production.

**TEST REPORTS** – Please submit for approval as soon as possible.

Thanks & kind regards,  
Jared
