

Installation instructions for semi ceiling light fixtures

The following lamp pictures are for reference

The main components of the semi ceiling light are:

- 1.signboard
- 2.canopy
- 3.Lamp body and screw
- 4.Hanging chain or suspension rod
- 5.lampshade

Installation steps for semi ceiling light:

1. Install the hanging board on the ceiling and connect the wires at the same time;
2. Fix the ceiling plate onto the hanging board;
3. Install the lamp body onto the ceiling plate through screws;
4. Install the light source;
5. Install the lampshade onto the lamp body through a hanging chain or suspension rod;
6. Turn on the power and check to ensure there are no errors;

(Please refer to the assembly diagram to assemble in order)
