Julia Loveseat

Gray

The Julia Loveseat gives your living room a taste of the elegant French countryside. This loveseat features the durability of modern construction with the beauty of vintage-inspired design. It's crafted with a solid oak frame, flared legs, and carved details. A light gray wash adds antiqued charm to the wood. The lightly padded seat and back are then upholstered in linen and finished off with tiny decorative nailhead trim. Curl up on this comfy double seater with a friend or sprawl out solo with a book.

Stocked In - California, Illinois
