## Installation Notes

Install this product according to the installation guide.

When determining the height of the mirrored cabinet, ensure the mirrored door will clear all obstacles, such as a faucet. A minimum distance of 1" (2.5 cm) is required.

Secure the screws (provided) to a stud to avoid possible property and product damage. If this is not possible, anchors (provided) must be inserted before installing the screws.

Recessed cabinets project 1" (2.5 cm) from wall.
