Model Nostalgia small

Nostalgia with its retro flair, Nostalgia elegantly tells of ancient glass blowing practices in three sinuous forms that can be combined at will. The perfection of the glass, the innovative LED technology and five elegant finishes make Nostalgia an extremely modern and versatile lamp that lends itself to the creation of captivating atmospheres, whether on or off. Available with a black frame and cable or chrome and transparent cable for all finishes, these combinations offer wide-ranging possibilities to personalize any space: on its own to illuminate a table or to add a sophisticated touch to a bedroom, in linear groups above a counter or peninsula, or in cluster compositions to emphasise larger spaces with refined scenic effects.
