ASSEMBLY STEPS

Assembly tips: To ensure easy alignment, do not fully tighten any bolts until all parts are connected. Once aligned, tighten all bolts completely in a diagonal sequence to ensure stability.

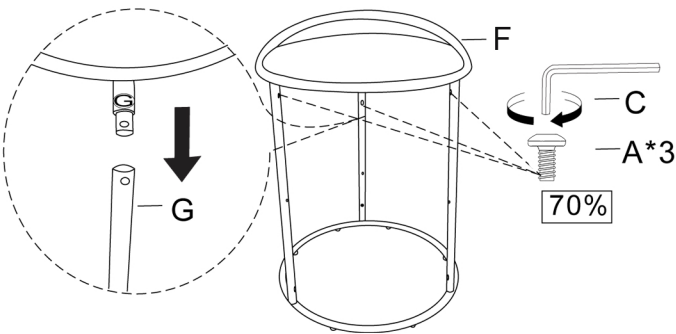

STEP 1.

Insert the longer post of the Metal Base (E) into the Leg Pole (G) (both marked with "G" labels). Insert bolt (A) and tighten to 70%.

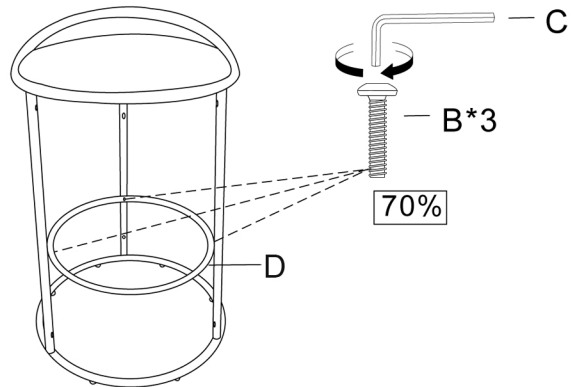

STEP 2.

Insert the two shorter posts of the Metal Base (E) into the Leg Poles (H*2). Insert bolts (A*2) and tighten to 70%.

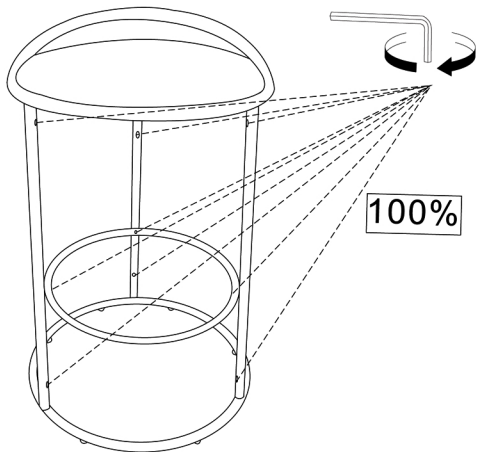

STEP 3.

Insert the "G" labeled bracket at the back of Seat Cushion (F) into Leg Pole (G), and the side brackets into Leg Poles (H*2). Thread Bolts (A*3) and tighten to 70%.

STEP 4.

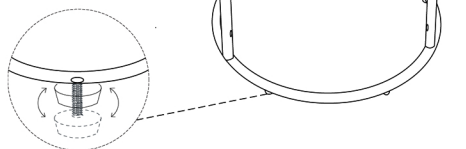

Secure the Footrest (D) to the legs using Bolts (B*3), and tighten them to 70% of the way.

STEP 5.

Once all steps are complete, please check the alignment and stability of all components. Fully tighten all bolts to 100% to ensure the chair is secure and stable.

Tip: Screw the adjustable foot pads in or out to ensure the chair is level and stable.

STEP 6.

Congratulations! Your assembly is complete. Your new barstool is ready for use.
