Pensive Seas 3

D2193S43844-3509

Pensive Sea III presents a moody atmosphere of a brooding sky above the horizon at sea. Clouds reminiscent of blue smoke signal a looming storm. Movement in the sea is rendered in shades of cotton white, dark blue, and dove grey. The watercolor work on textured paper offers the viewer a sense of drama and intensity of majestic nature.

Through swirling storm clouds and a darkened sea, a moody scene plays out in this emotional piece. An original addition to the exclusive ART by TA collection.
