Care Instructions for Polished Microfiber Furniture:

To maintain the original appearance of your polished microfiber furniture, please follow the simple care procedures below:

- Avoid exposing furniture directly to sunlight or heating and air conditioning outlets. Sunlight and/or exposure to heating and air conditioning outlets will fade/damage polished microfiber furniture.
- Vacuum or wipe with a soft cloth to remove dust.

For items used on wooden floors, hard surfaces, or carpets, it is recommended to install protective pads under all legs and supports to prevent damage, scratches, and discoloration.
