**Type:** Tables, Accent Tables

**Category:** Living Room

**Collection:** Saint Armand

**Style:** Traditional

**Finish:** Light Wood

**Brand:** Hooker Furniture

**Product Description:** Casual rustic meets industrial chic in the Saint Armand Martini Table, combining a metal base in antique bronze finish with a top crafted of Acacia Solid Wood in a light natural finish. The compact footprint makes this a versatile piece in spaces from chairside to nook to kitchen or bath.

**Collection Features:** Looking for the perfect piece of jewelry for your room? Look no further than Hooker's line of accents. Select from character-filled and functional accent tables, chests, credenzas and console tables. Place front and center of your hallway, living room or foyer and top with things you love. Now that's instant style.

**Status:** Active

**Finish:** Light natural finish with antique bronze metal finish and distressing

**Material:** Acacia Solids with Metal Sheet

**Finish Construction:** Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

**Frame Construction:** Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.

**Expected Availability: 07/24/2022**
