STEP1: Install the legs to the right seat armrest and left seat armrest

STEP2: Install the legs of sofa

STEP3: Insert the backrest into the chaise with storage

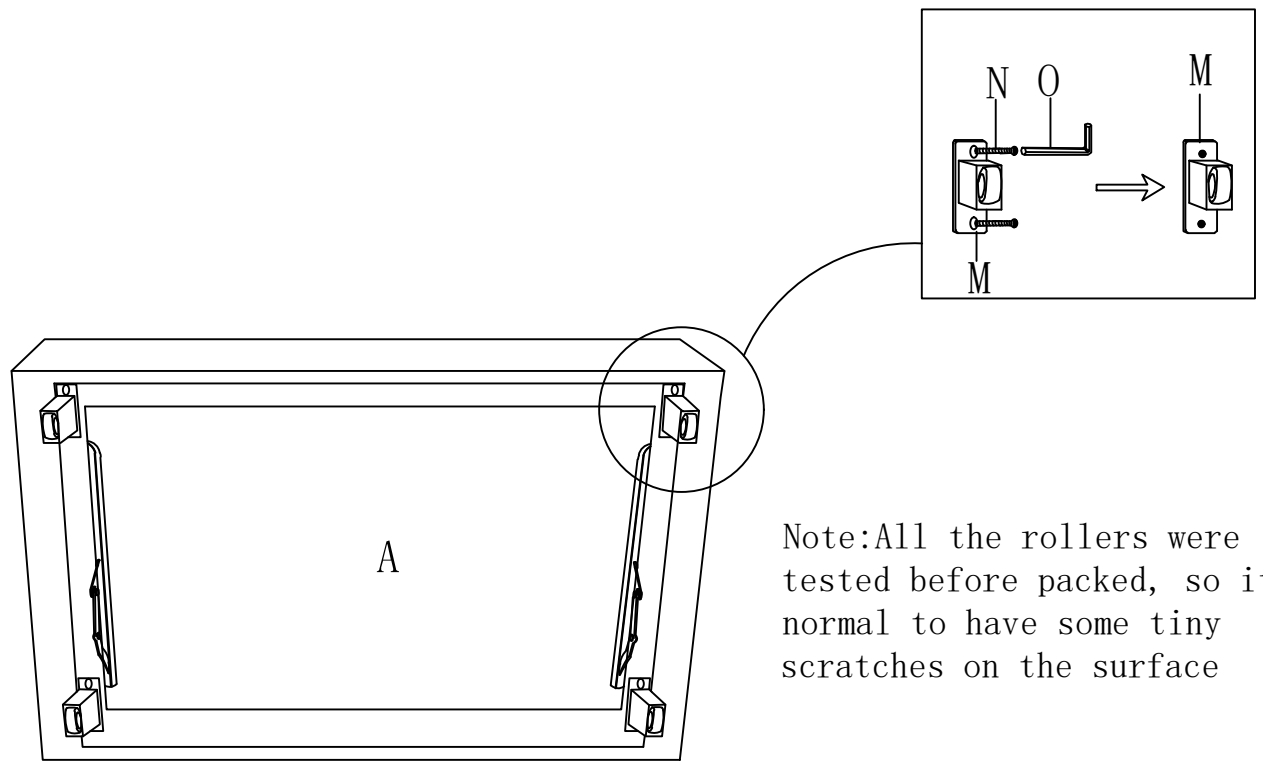

STEP4: Insert the left armrest into the chaise with storage

STEP5: Install the sofa legs to the 2s seat frame

STEP6: Turn over the lift up sofa frame and install the roller

Note: All the rollers were tested before packed, so it's normal to have some tiny scratches on the surface

STEP7: Lift from sides and push it into the space under

STEP8: Insert the latch into the backrest first, then insert the backrest into the sofa frame

STEP9: Insert the right armrest into the 2S seat frame

STEP10: Insert the 2 seat frame into the chaise with storage

STEP11: Cut the compression bags

STEP12: Assembly completed

STEP13: Ways to get the sofa bed

Pull the band up to the very end till you hear the seat sticks

then push it down at the edge vertically

STEP14: Tips to open right seat frame A:  
Use one hand to hold down the seat when the other hand is lifting it up to avoid possible injuries.

STEP15: The second installation method

1. Remove the arms on the left and right sides of the sofa
2. Remove the link between the storage sofa and the double sofa and reinstall it

# STEP16: Ways to get the sofa bed

Pull the band up to the very end till you hear the seat sticks

then push it down at the edge vertically

**STEP17:** Tips to open right seat frame A:  
Use one hand to hold down the seat when the other hand is lifting it up to avoid possible injuries.
