

## ASSEMBLY INSTRUCTIONS

1. Carefully unpack and identify all parts referring to illustration for parts identification.
2. Turn the power to the installation point OFF.
3. Unravel the supply power and ground wires and pass them through the nipple pipe (I), the column (H), the coupling (G), the rods (B), the rod (C), the loop (D) and the canopy (E).
4. Thread the nipple pipe (I) into the hex nut of the fixture body (A).
5. Carefully place the column (H) over the nipple pipe (I), secure with the coupling (G).
6. Thread the bottoms of rods (B) and rod (C) into the coupling (G) as shown, and hand-tighten until snug.
7. Thread the loop (D) to the uppermost rod. Hand-tighten until snug.
8. Use carabiner (F) to connect loop (D) to the loop on the canopy (E) and twist the locking mechanism to secure.
9. Refer to the additional installation instructions included with the product for wiring and installation.
10. Install proper bulbs (not included) into each socket referring to the markings and/or labels on the fixture for maximum wattage.
11. Restore power to the installation point and retain this sheet for future reference.
