--	--	---	---	---

Installation Steps

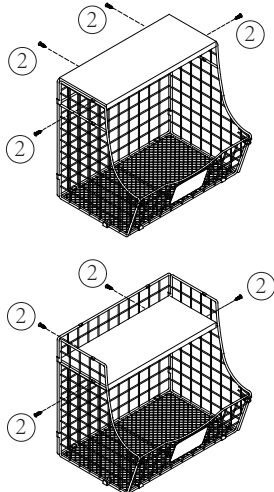

1: Unfold the folding basket (A) and fold it into a basket shape, as the picture shown.

2: There are two buckles on both sides of the basket. Align the buckles on the both sides and front, lock tightly.

3: Align board (B) with the screw holes, and lock the board with screws ②. There are two ways to instal board (B): 1. Align board (B) with the top iron wire; 2. Install the board two grids down.

4: Hanging the baskets on the wall with screws ①, or place them on the counter directly. According to the position of the board (B), the wall-mounted screws ① are locked in an up or down position, as shown in the figure.
