#### **ASSEMBLY INSTRUCTIONS**

Follow warnings on all products in a crib . Adult assembly required.

Small parts may present choking hazard prior to assembly. Enclosed please find simple step-by-step instructions to help you quickly assemble your products. Before you begin we recommend that you following the steps below:

- 1. Please read the instructions thoroughly.
- 2. Identify all parts and hardwares
- 3. You will need the following tools:

Philips head screw driver

Flat head screw driver

Hammer

Do Not Use Power Drills or Drivers

To protect your parts during assembly please place them on a soft surface.

To clean surface use only water on a damp cloth. Do not use window cleaners or cleaning abrasives as it will scratch the surface and could damage the protective coating.

# **WARNING!**

- Failure to follow these warnings and instruction could result in serious injury or death.
- Read all instructions before assembling crib, keep instructions for future use.
- Upon completion of assembly be sure all screws, bolts and fastening devices have been securely tightened. A frequent check should be made.
- Never use this product if there are any loose or missing fasteners, loose joints, broken parts, or torn mesh/fabric. check before assembly and periodically during use.
  Contact us for replacement parts and instructional literature if needed.
- Never substitute parts, the product including side rails, must be fully erected prior to use.
- Discontinue use of the product when child is able to climb out or reaches the height of 35in (900mm).
- Never place product near window where cords from blinds or drapes can strangle a child.
- •When child is able to pull to standing position, set mattress/base to lowest adjustment positionand remove bumper pads, large toys, and other objects that could serve as steps for climbing out. A child can trap parts of the body or clothing on loose fasteners.
- Never use plastic shipping bag or other plastic film as mattress covers not sold and intended for that purpose, they can cause suffocation.
- CAUTION: Any mattress used in this crib must be at least 27-1/4inches(690mm) by 51-5/8 inches(1310mm), with a thickness not exceeding 6 inches(150mm), the dimensions of the mattress shall be taken from seam to seam or edge to edge where appropriate.
- Never use a water mattress with this product.
- Strings can cause strangulation! Never place items with a string around a child's neck, such as hood strings or pacifier cords. Never suspend strings over product or attach strings to toys.
- Infants can suffocate in gaps between a mattress too small or too thick and product sides, on soft bedding never add a mattress, pillow,comforter or padding.
- To reduce the risk of SIDS, pediatricians recommend healthy infants be placed on their back to sleep, unless otherwise advised by your physician.
- If refinishing, use a non-toxic finish specified for children's products.
- Infants can suffocate on soft bedding.
- Never add a pillow or comforter .
- Never place additional padding under an infant .
- To help prevent strangulation tighten all fasteners.
- A child can trap parts of the body or clothing on loose fasteners.
- Follow warnings on all products in a crib .
   See head panel & mattress support of the product for warnings.
   Replace teething rail if damaged,cracked or loose.

MADE IN CHINA

# **CONNECTION HARDWARE**
