

## Existing Fence Conversions System Information

### Layout

Each existing fence is unique! The maximum span between arms is 12-14 feet. 8-10 Feet is preferred. Count and measure the distance between your posts/mounting points to ensure that a kit will cover your fence.

### Gates

Gates need to be considered separately for your layout plan. Each gate in your existing fence is likely to need additional components depending on the location and operation.

- Inward Swinging Gate - may require 1-2 extra arm/bracket(s) per gate.
- Outward Swinging Gate - may require 2-3 extra arm/bracket(s) per gate.

Your situation may vary.

### Fasteners Not Included

Due to the wide variety of fencing materials and configurations we do not provide fasteners as part of our kits.

- Wood: Exterior Wood Screws
- Chain Link: U-bolts or self tapping screws
- Vinyl / PVC: Wood screws (if backing exists) or bolts/fender washers
- Brick / Block / Concrete: Masonry fasteners

### Won't Work for You?

Our system is extremely flexible and can be modified for nearly any situation, fence material, or challenge.

### About Purrfect Fence

Purrfect Fence is a family owned business that is the leading innovator and provider of outdoor pet containment solutions in the world. What started as a quick fix to help a friend with their escaping pet over 15 years ago has evolved into helping thousands of caring pet owners, rescues, shelters, and veterinarians safely let their pet(s) enjoy the outdoors.

As life long pet lovers, our teams mission is to continue to improve our products, expand the ways we help keep pets safe, and most importantly, enhance the quality of life for animals.

Join the thousands of owners, shelters, and animal care professionals that utilize our products with unprecedented results!

### Our Commitment

We strive to offer our customers (and their humans) the best experience possible with our products. Our products install easily, are easy to maintain, and serve a distinct purpose that you and your pet can enjoy. We want to compliment your home, garden, and yard by giving your pet a safe outdoor space to explore, play and benefit from. Purrfect Fence is committed to innovative & exceptional quality products that are affordable, easy to use, and will give enjoyment time and time again to you, your pets, and your family.
