

Installation process of hook style

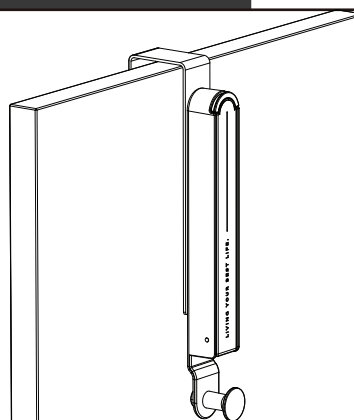

Note: Choose a hook with an appropriate width based on the thickness of the door

STEP 1

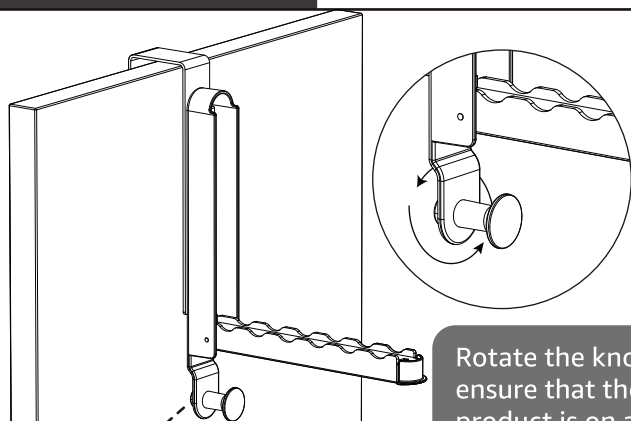

Assemble A
and B together

STEP 2

Hang the hook
on the door

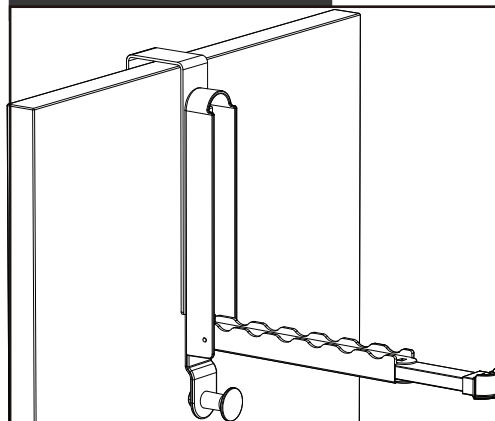

STEP 3

Note: The knob behind is being rotated

Rotate the knob to
ensure that the
product is on a
parallel line

STEP 4

As shown in the
figure, the
expansion and
contraction can
be opened upon
completion
