Product Description: Celebrate gracious living with the romantic Rhapsody side chair. The walnut-colored finish with a rustic reclaimed appearance, paired with the soft upholstery in a creamy Aurora Ecru color, creates a serene neutral color palette to add relaxation to your gatherings around the table or in the family room.

Collection Features: The groundbreaking Rhapsody Collection brings together classic design elements, grand scale, and a relaxed rustic finish to create an impassioned marriage of casual opulence. Exuberant scale and serpentine shapes infuse the pieces with emotion, while timeless motifs like scrolls, rope twist molding, the acanthus leaf and fleur de lis anchor Rhapsody in old world charm. Building on the grand scale and classic European design is the defining element of the collection: a walnut-colored finish inspired by the natural yet rustic nature of reclaimed woods in beautiful patinas.

Status: Active

Finish: Walnut Colored Rustic Finish

Features: While the Insignia Arm Chair has an insignia pattern on the front and back, the Side Chair is offered in a plain fabric without the insignia.

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
