Parker Floor Lamp Shade Assembly Instructions

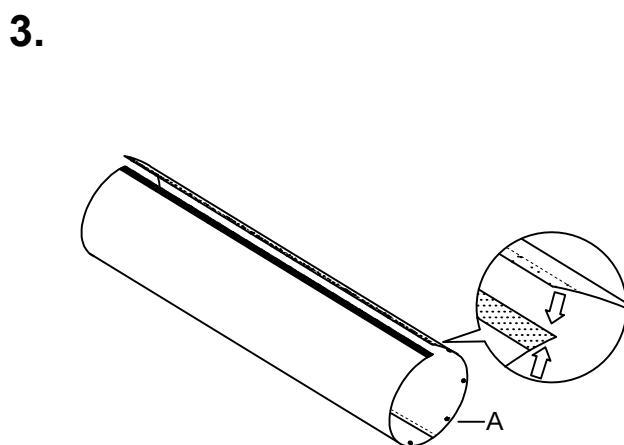

A. Shade Panel	B. Top Ring	C. Bottom Ring
		
2 PC	1 PC	1 PC

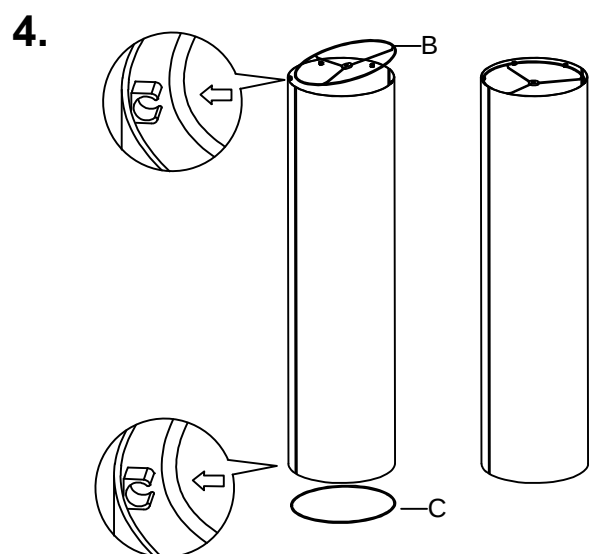

1. Lay out the shade panels (A) on a clean and flat surface with two velcroed edges aligned. Fasten two of the edges together as shown above.

2. Slowly press down along the velcro, as shown, in order to make sure the panels are well-fastened.

3. Roll the fastened shade panels (A) into a cylinder.

4. Place the top ring (B) on one end of the shade and the bottom ring (C) on the other end as shown above, making sure to fully clip in the shade along each ring.
