

4.9m x 4.3m Wooden Gazebo with Thatched Roof

- The width of the back panel opposite the entrance gap is 2056mm
- We are unable to send a full copy of the drawings but I have pasted a screen shot of the footprint so you can see the measurements

6.3m x 4.9m Wooden Gazebo with Timber Roof

- The width of the back panel opposite the entrance is *1850mm*
- *Again we are unable to provide the full drawings but here is a snippet of the footprint*
- *Unfortunately the curtains are not available to purchase on site*
