SKU: VS-12

Description

The NESCO VS-12 Deluxe Vacuum Sealer offers all the versatility and performance you could ever need from a vacuum sealer. Choose from 3 “Seal” settings—Dry, Moist, and Double— then choose your vacuum pressure—Normal or Gentle—to keep softer foods safe. For delicate items like pastries, buns or cut produce, the pulse vacuum function lets the user control the suction. Use the accessory port to attach NESCO Vacuum Canisters (sold separately) to marinate meats quickly or protect crushable items like cereal. This sealer features a 130-Watt double vacuum pump that ensures maximum air extraction when sealing larger food items and optional double heat seals for added strength and security when sealing liquid-based or moist foods. The easy-lock handle makes one-handed operation smooth and easy. The built-in bag cutter and roll storage compartment with clear viewing window make this an all-in-one stop for keeping food fresh up to 5 times longer than traditional methods. This sealer can accommodate up to an 11.8” width bag providing the versatility needed for a wide range of sealing jobs. Two rolls are included to get you started, one 8.6” x 9.85’ roll and one 11.8”x 9.85 roll. The NESCO VS-12 Deluxe Vacuum Sealer is compatible with any brand of vacuum sealer bags.
