

WOODEN DECKING TILES
DALLES DE TERRASSE EN BOIS
BALDOSAS DE MADERA

OUTDOOR WARNING

ALWAYS store furniture or use appropriate furniture covers during cold or inclement weather or during periods of non-use.

FOR OUTDOOR PRODUCT WITH WOOD

- Clean: With a mild soapy solution. Wipe dry with a clean and dry cloth.

 *As with any wood, the color may fade when left in direct sunlight or inclement weather. Minor cracking may occur with age. These are naturally occurring features of wood and do not affect product performance.*

- Maintenance: With simple, regular maintenance will last longer. Colour changes and a dry surface are signs that it is time to re-touch.

We recommend using our Outdoor Wood Furniture Finish (sold separately) to help preserve and protect the wood and finish.

SAFETY AND COMPLIANCE

The floor decking is suitable for hard, even surfaces, like for example concrete, stone and wood.

Recommended for outdoor use.

Wood contains tannic acid which, after a time, can leak out and discolour the sub-floor. Never lay wooden decking on a surface where it would matter if this happened.

MATERIALS AND CARE

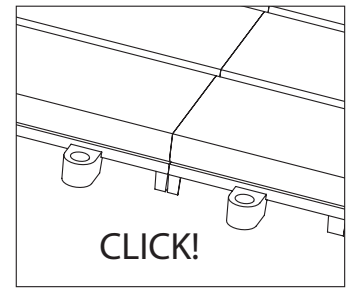

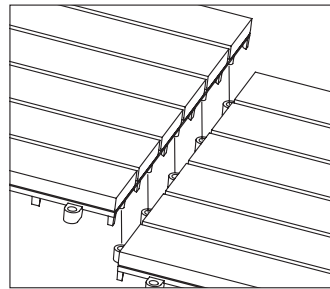

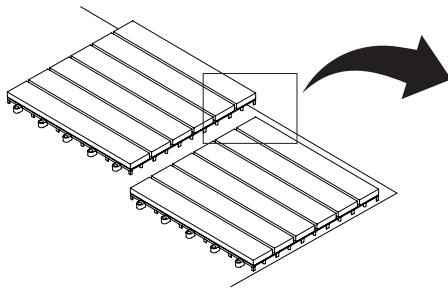

Material:

- Top: Solid acacia, wax oil
- Bottom: PE + PP plastic

Care:

- DO NOT put hot items directly on furniture surface.
- DO NOT clean furniture with harsh cleansers or polish.
- DO NOT place furniture near outdoor exhaust vents.
- DO NOT write on furniture without a padded barrier to protect the surface.
