## The Lines Between 6

D2198S43944-3547

The Lines Between VI is a series of six works on paper that recall the early work of American Abstract painter Adolph Gottlieb. This series features biomorphic forms, abstract symbols, and dream-like landscapes that reflect an inner psyche.

This final work pulls together a masterful series that combine various stylistic elements to create a captivating, multi-layered experience that invites the viewer to journey through different artistic realms. Dark lines contrast against neutral tones and abstract forms in The Lines Between 6. An original addition to the exclusive ART by TA collection.
