F	20

H	1	
I	8	
J	8

1.

Laying the table top, (A) on the ground, top facing down, attach both table legs (B) so they are parallel to each other and insert screws (E) through a washer (F) and into the screw hole of the table leg (E) and into the table top. Then loosely tighten the screws with the allen key (G).

2.

Adjoin parts (C) to table legs (B), (ensuring the rattan is facing outwards and the curved end is facing away from the table top). Secure parts (C) in place by connecting the bolt tabs of (B) and (C) in all eight places as shown in the above image. Do this by putting bolt (J), through a washer (F), then through the connecting tabs. Then secure with another washer followed by a nut (I). Loosely tighten each of the bolts as you go. Once all screws and bolts are in place, fully tighten the nuts bolts using the allen key, (G), and spanner, (H). Then fully tighten the screws from step 1.

3.

Carefully turn your table to its upright position and place the tempered glass (D) over the table top. Finish off by covering the parasol hole with its cover (L). Your table is now complete.
