

ASSEMBLY INSTRUCTIONS FOR 8FT WINDMILL

INSTRUCTIONS

(PLEASE NOTE THE LEFT PICTURE)

NOTE:

1. Assemble the corner legs first, but do not fast (34J27A, 34J27B, 34J27C).
2. Bolt 4 completed corners legs to Master Head (22C16).
3. Put the platform (34J2) to the tower, bolt it with Braces (34J15) and Corner legs (34J27A). Just like the picture.
4. Assemble all the Braces (34J15), Center Braces (34J16) and Lower Braces (34J17) like the picture.
5. Fast all bolts on the tower.
6. Assemble the Wheel like the picture.
7. Stand the Windmill on your garden and fix it on the ground by Ground Stakes (34J28).
