

Folding Bed with Mattress

Before You Start

- ⚠ Please read all instructions carefully.
- ⚠ Retain instructions for future reference.
- ⚠ Separate and count all parts and hardware.
- ⚠ Read through each step carefully and follow the proper order.
- ⚠ We recommend that, where possible, all items are assembled near to the area in which they will be placed in use, to avoid moving the product unnecessarily once assembled.
- ⚠ Always place the product on a flat, steady and stable surface.
- ⚠ Keep all small parts and packaging materials for this product away from babies and children as they potentially pose a serious choking hazard.

Return / Damage Claim Instructions

- ⚠ **DO NOT discard the box / original packaging.**
In case a return is required, the item must be returned in original box. Without this your return will not be accepted.
- ⚠ **Take a photo of the box markings.**
A photo of the markings (text) on the side of the box is required in case a part is needed for replacement. This helps our staff identify your product number to ensure you receive the correct parts.
- ⚠ **Take a photo of the damaged part (if applicable).**
A photo of the damage is always required to file a claim and get your replacement or refund processed quickly. Please make sure you have the box even if it is damaged.
- ⚠ **Send us an email with the images requested.**
Email us directly from marketplace where your item was purchased with the attached images and a description of your claim.

Do not jump on
the folding bed

Do not sit on
the edges

Do not stand up
on the folding bed

1

Extended center legs.

2

3

Cross bar must be positioned between caster and leg flat side facing up.

Tighten the bolts with the supplied wrench and not by hand

4

5

A) Carefully remove all packaging.

B) Unfold bed and remove hardware pack.

1) Close bed and secure with clip lock bar (item A) Fig 1 see illustration.

2) Place folded bed on its side and extend the two center legs. Fig 2

3) Place flat side of leg cross bar (item B) across the center legs aligning holes of cross bar with underside legs Fig 3, insert caster (item C) up through cross bar and THEN leg. Secure with nut and tighten with spanner (item D) repeat for remaining 3 casters.

4) Release snap click lock bar, carefully unfold one side of the bed until the leg retention bar hole aligns with the corresponding extended outer leg hole Fig 4. Secure with nut and bolt (item F) and spanner (item D). repeat for opposite side. This process enables the automatic leg action.

Please note bed must be partially unfolded for the holes to align.

5) Stand bed upright and attach the 4 plastic caps by inserting them into the pre drilled holes in each outer leg (item E) Fig 5.

6) Handles must be held firmly when operating to prevent bed from opening too rapidly. To operate bed, hold both handles firmly, release clip lock bar (item A). Gently lower one side to the floor repeat for opposite side. To close simply fold and secure with clip lock bar.

Please do not place hands near hinges when operating the bed.

Recommended maximum weight 120 kgs 264lbs
