Other Accessories for Assembly

Application

It can be used in most places such as shopping centers, malls, exhibitions, bridal shops, theatres, backstage at shows, baby rooms, lingerie shops, and clothing shops as a temporary partition and fitting room.

Notes

1. Please check the product size carefully before ordering.
2. Please note that only the curtain is machine washable.
3. Please note that this product is not flame retardant and should be used away from sources of ignition.
4. Please allow the slight color difference caused by the shooting light and 1-3cm error due to manual measurement, and make sure you do not mind before ordering.
