

Use And Care Manual

The secret to a well-lit home is perfect knowledge of how to clean and care for your lighting fixtures! Make sure your lighting design always looks stunning and is in perfect condition by learning the best lighting tips. However, this does not mean that you should disregard the lamp's cleaning and care instructions.

DIFFERENT TYPES OF FIXTURES REQUIRE DIFFERENT CARE FOR THE BEST RESULTS.

How to Clean: Chandeliers

Clean chandeliers with the following steps:

- Remove the bulbs and wipe them with a soft cloth.
- Note where each crystal goes for reassembly.
- Place any pendants, crystals, and saucers in warm, soapy water.
- Wipe each piece gently and dry quickly to avoid water spots.
 - Use a damp cloth to wipe down the base.
 - Reassemble the pieces.

How to Clean: Flush Mount Ceiling Lights

Remove the covers from flush mount indoor ceiling lights and soak them in warm, soapy water before cleaning. Clean the fixture with a damp cloth after taking the bulbs out and wiping them down. Before reinstall

How to Clean: Pendant Lights

Most pendant lights can be cleaned in place. Use a damp cloth to clean the globes, cables, and extension rods after wiping down the bulbs. It may be necessary to remove the globes and soak them in warm, soapy water if you have intricate fixtures.
