

USER MANUAL

⚠ CAUTION ⚠

RISK OF ELECTRIC SHOCK DO NOT OPEN

1. Before installation and maintenance, please confirm the power is OFF, make sure that the ventilation around the unit is good.
2. The lighting is designed for indoor demonstration, please do NOT use this product in a wet environment for long-term.
3. The use and maintenance of this unit should avoid contact with the water, when using it outdoor, please take waterproofing measures.
4. Personnel, who take the installation, operation and maintenance, must be familiar with the lighting performance. Most of the damage is resulted from unfamiliar with its performance.
5. Please do NOT face up to the luminous unit for a long time, so as not to cause discomfort to your eyes.
6. Please often wipe the unit with a clean cloth.

memzuoix sound activated RGB light ball is easy to use, just plug it and play, place this stage light directly on table, desk or floor, or fix it on wall or roof.

One Tip:

⚠ If you accidentally turn off the light using the switch button and find that the remote control button fails and the light does not turn back on, you can perform either of the following actions to restore the light:

1. Press the "switch button" or "AUTO" button on the remote control to turn the light back on.
2. Unplug the power cord of the stage light, then plug it back in. The light will turn back on.
