Product Description: With a trend-forward deconstructed vibe, the Bristol Accent Chest is inspired by industrial, organic and farmhouse influences. This unique 3-drawer chest is crafted of mixed media including mango wood, brass foil, silver foil and wrought iron. Silver metal with a honeycomb pattern is wrapped around the exterior of the case, and the metal drawer pulls are in a twig motif. The drawer fronts are wrapped in contrasting gold metal.

Collection Features: Come closer to Melange, and you will discover something unexpected, an eclectic blending of colors, textures and materials in a vibrant collection of one-of-a-kind artistic pieces.

Status: New

Finish: Silver metal with honeycomb pattern wrapped around exterior. Contrasting gold metal wrapped drawer fronts.

Features: Three drawers
Levelers
Metal wrapped exterior

Material: Mango Wood, Brass Foil, Silver Foil with Wrought Iron

Drawer Construction: Hooker Furniture offers full height, full depth and full width drawers for maximum storage capacity. All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use. Plywood drawer bottoms are attached to plywood drawer sides for strength and durability. Metal side guides or wood on wood guide systems operate smoothly.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood

products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
