

GIOGALI

GIOGALI PL 60

A pure element: the crystal hook. It is the intuition of a master of Italian design like Angelo Mangiarotti, who in 1967 gave rise to the best seller of the Vistosi catalogue, Giogali. An architecture of modular light that is free from mechanical hooks, proving to be sufficient in itself. An iconic interweaving applied to the version one prefers: table, ceiling, suspension, wall and floor. In different colours. Available in the following versions: suspension, ceiling, applique and floor lamp. Glass in transparent crystal, crystal amber, crystal-smoky, white, black, crystal-silver, crystal-glossy gold, crystal-bronze, crystal-copper, crystal-black nickel. Metal parts finishing in chrome and bronze.
