WARNING

Please read and understand this entire manual before attempting to assemble or install this product.

Compare the parts in the box with those on the parts list provided - make sure that none are missing.

Some parts may have sharp edges. Please wear protective gloves when assembling or installing this product.

Choose and measure the location where you intend to place your gazebo - make sure your location is large enough. Choose a large assembly area where you can lay out and pre-assemble all parts for the gazebo.

Keep all children and pets away from your assembly area. Children and pets should be supervised when they are in your gazebo assembly area.

Check all bolts for tightness before use, and periodically check and tighten bolts as necessary.

General Notes:

- ★ This item is heavy. Please handle with care. Four or more people are required for this assembly.
- ★ You will need these additional tools: a ladder and an adjustable wrench.
- ★ Once a unit has been pre-assembled in each step, please set it aside until further instructions.
- ★ It is important that during the assembly process, the assembly must be completed on a solid plane in strict accordance with the requirements of the instructions.
- ★ In severe weather such as rain and snow, you do not need to remove the gazebo. However, in order to prevent damage to the frame and iron roof due to heavy snow and heavy rain loads, please clear the snow and water on the roof in time.
- ★ We care about your experience. Please feel free to contact us if you have any issues or comments. We will try to offer you efficient solutions ASAP.

WARRANTY COVERAGE REQUIREMENTS

- ★ Pictures of the damaged parts.
- ★ The order number of your product.
- ★ Please gather all of this information BEFORE you contact us.
- ★ Do not use this item in a way inconsistent with the manufacturer's instructions as this could void the product warranty.
