**To preserve and maintain the original finish of this furniture, a natural tung/linseed/Danish oil (with stain), which can be found at your local hardware store, should be applied. Please note the furniture has been stained and oiled before being packaged. If the wood is not maintained, the wood will naturally gray in color.**

**Remove the furniture completely from sunlight prior to applying oil. Apply generously and remove any excess oil with cloth. Frequency of the application of oil depends on exposure to the extremities of the outdoors.**

**For all painted wood finish products, we recommend that you use a latex based paint with the matching color. Before painting, a light sanding with a fine grit sandpaper might be necessary to prep your product for a new paint coating.**
