Allen key

O*1

Hook

L*6

★ Flat washer

M*6

★ Spring washer

Please make sure all hardware & packing material fitting the list. Especially some small accessories may be missing during transportation. Please contact us if you have any question.

step 1

Cut the plastic air compression bags, and take out cushions (A) and (E). Place them on the side for recover to their original shape, the whole process might take up to 48 hours, you may gently slap on them to speed up the process.

step2

Place the sofa frame (B) on its side as shown, then align the screw holes on the backrest (D) with the holes on the sofa frame. Use the allen wrench (J) provided to tighten each screw with one spring washer (M) and one flat washer (L), make sure they are all correctly aligned before fully tightening the screws.

Notice:

We suggest tightening the bolts for 30-50% first, make sure the process is correct and bolt holes are aligned, then fully tightening them all.

step 3

Align the armrest frame (C) with the holes on the sofa frame (B) as shown, then use the allen wrench (J) provided to tighten each screw with one spring washer (M) and one flat washer (L) from the bottom. Make sure all the screws and holes are correctly aligned before fully tighten.

step 4

Remove the plastic caps off the sofa leg screws as shown, then twist in all the legs (H) into each corner of the sofa frame (B), make sure they are all tightened.

You may place the sofa frame on a carpet or rug in order to protect your floor and the product.

step 5

Place the seat cushion (A) onto the sofa as shown.

step 6

Place the back cushion (E) and the armrest (F) onto the sofa as shown.

step 7

There is one metal connector inside each package the metal connector is used to connect sectional sofas together, if you are only using one piece of the sectionals, the connectors will not be used during the assembly. if you want to connect sectionals together, please use the connectors before the headrest is inserted. place the sectionals upside down on a clean surface, and bring both of the parts as close as possible, make sure both of the parts are aligned, then fix the connector at 40 cm (about 16 inches) away from the front and back edges, then tighten the connector. after both parts are connected, flip them over and insert the headrest.

Congradualtions! The assembly has complete! Thank you again for choosing our product, please enjoy!
