All Accessories for Installation

Application

It is suitable for a bedroom, living room, children's room, study, office, etc. It can also be used as a writing desk, game table, study table, or bed dining table. It is suitable for most sizes of beds, for example, small single (30*75"), twin (38*75"), full bed (54*75"), and queen bed (60*80").

Notes

1. When adjusting the overall height, the eyelet is aligned with the plastic part of the table leg and the rotating handle is aligned with the internal eyelet.
2. Please confirm the size of your bed before you buy so as not to be unsuitable. Please note that it is not suitable for the king bed (76*80").
3. Please allow the slight color difference caused by the shooting light and the 1-3 cm error due to manual measurement, and make sure you do not mind before ordering.
